FACES THAT ARE GONE BUT NOT FORGOTTEN

DANIEL MORRISON

Mr. Morrison was the Superintendent of Schools for Gill-Montague for many years. When he retired, he had spent 35 years in education, starting as a junior high science teacher.

Mr. Morrison presided over many changes in education in our community. He was at the helm when we became a K—12 district, when Chapter 766 became law, when the "new" TFHS was built back in 1973, and, of course, when the fire that burned the old Sheffield School occured and destroyed many of the records of the district. He also oversaw the inception of child-centered Middle School education as it replaced the old "junior high" concept.

Mr. Morrison delighted in being "in the know" about state and federal regulations, arranging School Committee meetings, and fighting for the school budget each year. He was a very hard worker who often referred to his childhood, growing up on a farm in Easthampton.

VELMA DEAN

Mrs. Dean was the head of both the Mathematics Department and the Computer Department. She taught just about every math and computer course we have and was responsible for directing the change toward diagnostic testing for entry into math courses at TFHS.

She was extremely popular with her students. Her Computer Science Award each year at graduation was a much-sought-prize. There was a lot of laughter and a lot of love in her classroom. Mrs. Dean was unselfish and worked long into the afternoon and evening most days. The students knew this and knew that her room was a sanctuary for them if they needed a friend or a push in the right direction.

Mrs. Dean left us to join the faculty at Choate Rosemary Hall in Wallingford, CT, where she was elected to the position of chair of the Mathematics Department. She is sadly missed, but we all recognize the Mrs Dean is the type of person who will find happiness wherever she is. She certainly left a lot of good memories behind.

SYLVIA TOBIN

Mrs. Tobin was the head of the Business Education Department for many years. She taught Typing, Model Office, and Accounting. Her classes were fun to attend, and in the case of Accounting, quite difficult to get an "A" in.

We'll remember Mrs. Tobin's beautiful spring bouquets from her garden. She loved flowers. We'll always remember her style, she always looked like she had just done her hair and wore the most gorgeous clothing.

Mrs. Tobin imparted the value of hard work to those of us who were lucky enough to have taken her courses, and she did it with real desire. She was a pleasure to know.

RAYMOND GARBIEL

For many years, Mr. Garbiel was the Chairman of the Mathematics Department. He usually taught Trigonometry, Analytic Geometry, and Calculus. During past few years, he also taught Algebra and Geometry.

Mr. Garbiel struck fear into the hearts of many students. His test and "mandatory extra credit" were renowned at Turners for being very tough. He expected a lot from his students; those who tried hard in return got an excellent education in symbolic logic and mathematics.

Mr. Garbiel also used to coach JV baseball and enjoyed it very much until the day Mr. Avery and friends glued all his balls together in the teacher's room. He also enjoyed painting, both watercolors and acrylics on slate. He and his wife were very involved in doing craft fairs; they made lovely things.

PATRICIA LILLY

Pat Lilly was the department head for many years for a department the changed names several times over the last few years ending at Consumer Science.

She taught clothing construction and food preparation for many years while at TFHS. Whenever one climbed the stairs to the third floor they were greeted with an aroma that made their mouths water. They always had something tasty in the oven and if you lost a button Mrs. Lilly was always gracious enough to sew it back on for those of us who never took her course.

Her charm and grace were a wonderful addition to TFHS and will be sorely missed. One of her many talents that students were unaware of was she was an exquisite artist.

Right:: Mr. Garbiel looks like he misses us already. Below: What happened to Mrs. Tobin's smile?

Mrs. Lilly always has a smile for Mr. Kelley.

Mr. Morrison does an after dinner rap for all the people at his table.

Mrs. Robinson is enjoying retirement already.

'In Memory'

Trina Hamilton was a very special person for those who knew her. She always made sure that her friends felt needed and loved. She was a person you could trust and always count on. Her life was full of joy and she lived it to its potential.

Outside of school, Trina liked "hanging out" with her friends, watching soap operas, and playing pool.

Trina would have been a senior this year and the class feels the void and misses her greatly.

Do not stand by my grave and weep
I am not there I do not sleep
I am a thousand winds that blow
I am a diamond glint on snow
I am the sunlight on ripened grain
I am the gentle autumn rain
When you wake in the morning hush
I am the swift uplifting rush
Of quiet birds in circling flight
I am the soft starshine at night
Do not stand by my grave and cry
I am not there I did not die

BOOSTER DAY '93

This year Booster Day at Turners Falls High School was a little different from the past. More emphasis was put onto all of our fall sports teams.

The theme this year was movies. The seniors did "Jurassic Park," the juniors had the winning float with "The Wizard of Oz." The sophomores had "Snow White & The Seven Dwarfs," and the freshmen entered with "Aladdin."

The Booster Day court was as follows: Knight and Lady in Waiting were Jesse Cherest and Lisa Rodriguez, the Duke and Dutchess were Rick Deome and Alyssa Felton, Prince and Princess were Chris Thurber and Christine Kennedy, and the King and Queen were Michael Emond and Laurie Osowski.

The parade on Saturday was led by our Grand Marshall, Deb Loomer. After everyone's week of hard work a great time was had by all.

PROM 1993

The 1993 Prom put on by the Junior class took place at Tekoa Country Club of Westfield. The theme was "Wonderful Tonight." Music was provided by D.J. Tom Mayo. Pictures were taken by Harriet Paine. The room was decorated with maroon and black balloons. Everyone received picture frames and candles with the prom theme printed on them.

Kris Semb and Angela Burek were elected as King and Queen of the night.

Special Events at TFHS

During the school year at TFHS many special events take place. Each year we have a blood drive put on by the Student Council. This enables students and members of the community to donate blood to help save the lives of others.

Every spring each class is invited to some freindly competition when we play our annual game of Jeopardy. Another event that happened last year was a mock car accident put on by SADD. Students portrayed being killed and injured in a car accident with the help of Mercy Ambulance and the Turners Falls Fire and Police Departments. The scene was very real and everyone learned a very valuable lesson.

Firefighters and paramedics realistically pull a student from a car during the mock accident.

SENIORS

"In the rush of youth, we find little time or inclination to meditate and reflect, but, as we grow older, we like to recall our many experiences, study and weigh them, and thereby gain at least some little measure of that wonderful quality called wisdom... a product of accumulated experience,knowledge, and reflection."

William Ross

Mrs. Monkiewicz... Our Second Mom

No Yearbook could be complete without the acknowledgment of the CLass Advisor. But we, the Class of '94, feel that simply acknowledging Mrs. Monkiewicz is woefully inadequate.

She has grown with us from inexperienced and yes, sometimes even a little scared, Freshmen to confident, self-assured Seniors. She has encouraged and inspired us to be different, try new things, take chances, learn from our mistakes and be proud of ourselves, always allowing us to make our own decisions.

Mrs. Monkiewicz has held our hands in our darkest hours, patted us on our backs in our proudest moments, has been our most avid supporter, and gently and lovingly has guided us. She has been there for each and every one of us, with an open mind that has never closed. She has always given in to our somewhat crazy ideas and most importantly has pushed us to follow through with them.

She has been our advisor, counselor, teacher, and consultant. But most of all, she's been our second Mother.

We thank you, Mrs. Monkiewicz for always sticking with us through thick and thin and for giving so much time to the school and especially to our class. Your loving support and motherly advise single you out from all the rest and for that we are thankful.

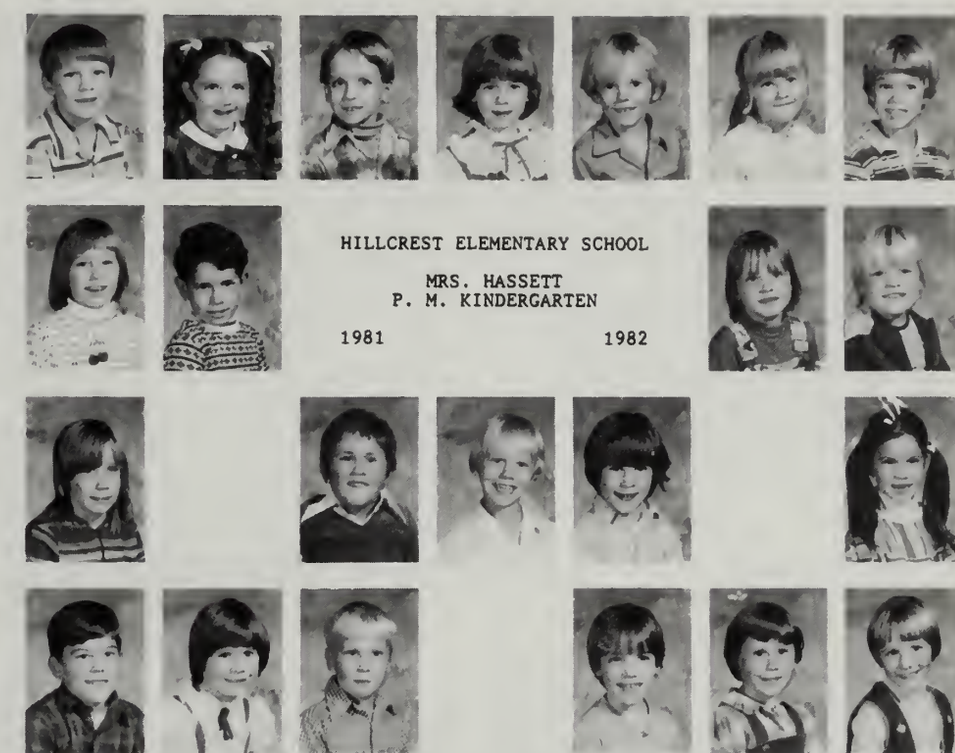
We love you and shall never forget you.

Love,
Your Kids

Class of '94

t last...Seniors. It seems like only yesterday e all walked into high school - scared and timidated. We found out that high school is ke a shooting star and if you blink you might iss it. We learned to cherish the time we end together because like all good things, has to come to an end.

We ended our first year of high school ith two things that no other class ever has or ill have captured- that is the most earned oney the administration has ever seen a reshman class end up with and a shared ooster Day Floatmaking Title. We will ways remember basketball with the Patri- s, our BK float, our Lady-In-Waiting Iichelle Lefebvre and Knight Scott astarache, and saying our good-byes to Mr. aPierre, our first high school principal.



Our Sophomore year is one that will stick all of our minds the most, it was a year that friend to all was lost. We grew up a bit gether through it. We adjusted to a new rincipal and therefore challenged each other mold him. Our Blender placed third as Jon ray and Lesley McCord represented the class as Duke and Duchess. We had the opportunity to buy class rings, participate in our rst foreign language fair, enjoy our own hall for the last year, and put on our first haunted house.

In our Junior year, our Stratego float placed first as Prince and Princess, Destin Day and Shannon Campbell represented the class. ur second annual Haunted House was again a blast and an unforgettable coin drive funded our Prom. Our Prom was held at Tekoa ountry Club in Westfield on May 15, 1993 and the theme was Wonderful Tonight by Eric Clapton.

This year, although we didn't place first with our Turnassic Park, we knew in our hearts that we worked together not only to win but to cherish our last floatmaking moments with each other instead of wishing them away. Michael Emond and Laurie Osowski proudly represented the class as King and Queen. We saw the retirement of the only Superintendent we've known, Mr. Morrison. With SAT's, College app's, and especially being fitted for cap and gown, together as a class we have realized that these TFHS years were worth it and that in one way or another we are friends.

We give special thanks to our parents who have, at all occasions, given us incentive to cherish these teen years. We couldn't have succeeded without all of you behind us.

As we part and go our separate ways, we are determined now, more than ever, to never forget the time we've spent growing together. Through all the good and bad times we've stuck by each other, building friendships that will never be forgotten. We have experienced more than any other class has or ever will and for that we look back at the good old days with happiness and most importantly with pride, because those are the days to remember....

STUDENT LIFE

"Next in importance to freedom and justice is education, without which neither freedom nor justice can be permanently maintained."
James Garfield

Class of '95

This year as Juniors we got off to a great start by taking first place with our Booster Day Float of The Wizard of Oz. Christine Kennedy and Chris Thurber were chosen to represent our class as the prince and Princess.

We spent much time with fundraisers to help our class including selling necklaces, seat cushions, and even having a car wash. We were also very busy planning the Junior-Senior Prom at the Depot on April 30, 1994. It takes hard work and cooperation to make a prom a reality.

Much of the class this year has been busy going to college fairs, taking PSAT's and SAT's and really beginning to plan their future.

We had fun this year and we are looking forward to our senior year.

Class of '96

Starting out this year wasn't as easy as we thought it would be! Last year we all said, "Yeah next year will be different, we'll have so many fundraisers that we won't have a place to keep all our money!" As much as I would like to say this happened , it didn't, but the unexpected things that did happen only made us think more positively and helped us get on our feet.

Getting into gear this year was extremely difficult because our last year's advisor, Mrs. Lemay was not able to stay with us through our sophomore year. So our first task was to find a class advisor.

After weeks of searching we finally found not one but two class advisors. I am proud to say that they are Terry Luippold and Debbie Powers.

Floatmaking this year was ten times better than last year. With, "Movies" as our theme we sett off to build the Almighty, Snow White and the Seven Dwarfs float. We all knew what we were doing thi year and we all worke together trying our hard est to take first place.

Alyssa Felton and Ric Deome represented ou class as Duke an Dutchess.

Our Sophomore year is mission yet to be accom plished, but if everyon continues to work togethe and put all they have int what we can do, then I be lieve we can fulfill all o our ambitions for the year to come.

Class of '97

President: Mike Mullins, Vice-President: Phillip Villeneuve, Treasury: Matt Brenner, Secretary:Kate Black, Historian: Carrie Warchol, Advisor: Mrs.Bergeron.

The Freshman class is made up of people with individual personalities. We have all worked to provide a base for the rest of our high school years. We each in our own way strive to make our class better.

Many challenges have been brought upon us. For Booster Day our first float, which did not get first place, did get many kind comments. Lisa Rodriguez and Jesse Charest were voted to be Lady in Waiting and Knight. Our first fundraiser, Dessert with Santa, was not as successful as we hoped it would be, but was not a total loss. The class learned to work together when we did not know what the outcome would be.

Our expectations have increased during the year and we have all developed a higher level of independence and maturity.

The Student Council (commonly called "Student Government") is an organization comprised of students who have been elected by their peers. They participate in a wide variety of activities. Every season sees the TFHS Student Council involved in a major project.

In the Fall, the Council organizes committees in preparation for the annual tradition of Booster Day. The council endeavors to encourage the participation of as many students as possible through increasing attendance at different Fall sports and generating school spirit through such activities as the Coronation of Class Royalty, the Booster Day Dance and the Booster Day Parade.

The Winter finds the Council involved in the Franklin County "Adopt-a-Family" Christmas program. We "Adopt" a few families from the communities of the county and raise money and collect donations of gifts and food, which are distributed to those less fortunate at Christmas. Secret Santa is also a popular Council activity. On the week prior to Christmas break, members send clues, riddles, little messages and even small gifts to the faculty and staff urging them to guess the identity of the Council member. On the final day before the break an assembly is held where teachers try to guess their Secret Santa and students present a "award" to each faculty member. This is always a fun activity for the entire school.

In the Spring the annual Red Cross Blood drive is usually held to help the local blood banks. During a given day students who are old enough and members of the community at large are invited to donate. This event is always very successful, and the Council is proud to be of service.

All during the year the Council sends members to conferences to see and hear for themselves what other school student councils are doing and how the TFHS Student Council can generate new ideas and activities to help our school and the community.

FIELD HOCKEY

Despite the T.F.H.S. Field Hockey record, these girls deserve to be recognized. Even though they had more loses than wins, they stuck out the season and did their best. There were a lot of problems with illnesses in the beginning of the season. Senior fullback and co-capt., Sarah Valley, was out for the season following knee surgery. We had numerous others out with mono and other sicknesses.

The team worked very well with each other. On the booming forward line we had Shelly Lefebvre, Alyssa Felton, and Malisa Little. Backing them up at mid-field was Kate Lynch, Beth Grybko and Shannon Kelley. Strong defense was provided by Barb Bogue, Shannon Campbell, and Katie Black. On the sides we had Hillary Pervier, Kelly Klaiber and Renee Reipold eager and waiting to help the team. A great thanks is given to Mrs. Evelyn Bogue for making it through the season without killing the team. Also a thanks to Keri Lynch for helping with the books and timing.

BOYS SOCCER

Turners Falls had a very successful season this year. The defensive unit did not allow a second half goal in ten of the last thirteen games in the second half. The foundation of the Turners defense was Corey Stafford (Sweeper) and Klem Croteau (Stopper). Seniors Jon Bray and Mike Emond did a super job in their only year of playing varsity soccer at the other fullback spots. Sophomore Chris Brunelle and Junior Brett Neville also spent some time at the fullback positions to aid in the shut out efforts. The play of goal keeper David Pillsbury was applauded by several opposing coaches which is always considered a wonderful compliment.

The offensive responsibilities fell mainly on the shoulders of Swedish exchange student Michael Sansone and Junior Abe Klein. Sansone led the team with seven goals while Klein led the team in total points with three goals and eight assists for a total of eleven points. Sophomore David King became another important offensive weapon with five goals and senior Colby Kuzontkoski and Jeremy Bucci played well at both the striker and halfback positions. Colby tallied two goals and two assists in his last season.

The 1993 team compiled the third best record in the eleven year history of the sport at Turners Falls. Seniors Cory Stafford, Colby Kuzontkoski, Jeremy Bucci, Jon Bray, Mike Emond Mike Sansone, and Carin Duda will be difficult to replace on the soccer field, but more importantly, they will be sorely missed for their great attitudes and positive influences on the underclassmen.

GIRLS VOLLEYBALL

The volleyball team went through a metamorphosis this year. Starting out at "Only the love can make you a player" phrase, the team went into pre-season with the attitude of "if you love volleyball, all the work is easier." Our next phrase "we are family." Not only were we loving the sport, but we were liking each other. The season progressed into our "enthusiasm is contagious" level. After a lull in the schedule we needed to reestablish ourselves by rallying together. The stage was set for our final step, "don't ever give up!" We proved that against Athol.

All of our growth through the season culminated with a 10 - 6 record and a berth in the Western Mass Volleyball Tournament. Our game against Greenfield was the pinnacle of the season. It was truly an example of all of those things TFHS Volleyball stands for C.C.C.C.C. + P.P.P.P.P. = Champions.

Special thanks to senior captain, Nicki Brown for her persistence, Cheryl Babij for her level headedness, Aquarius Marks for her "fire," Maranda Bastarache for her loyalty, and Donna Breor for her helpfulness. RIBBIT.

Boys' Basketball

Top Row: Coach Putala, Tony Rodriguez, Henry Arzuaga, Tavares Brewington, Mike Sansone, Chris Thurber, J Sargent, Abe Klein, and Coach Mullins. Bottom Row: Dan Garland, Chris Sweeney, Jeremy Bucci, and Bryan Hebe

The hopes of the 1993-94 Boys Basketball season dropped squarely on the shoulders of senior captains and 1993 All-League selection, Chris Sweeney. Chris would have to continue consistent scoring and provide court leadership to a team with very little varsity experience if the team were to be successful. Chris "filled it up", to the tune of just eighteen points a game, but it wasn't enough to capture those elusive "W's".

If Chris were to be "Mr. Outside", Tavares Brewington would have to be "Mr. Inside". This junior leaper proved to be one of the best rebounders in the Hampshire League and a total of twenty-two caroms against Easthampton was a good indicator of his ability on the backboards. Despite missing five games, Mr. "T" finished third in scoring with an average of just under ten points a game.

Swedish exchange student, Mike Sansone, brought a 6'6" frame to the starting line-up and he became an excellent shot blocker and rebounder. Big Mike had a work ethic that was second to none. Mike certainly logged the most gym time and he improved his game threefold before the season's end.

The two players who usually filled the other two starting spots, were junior Chris Thurber and sophomore Tony Rodriquez. Both Chris and Tony were excellent taking the ball to the hole and both had some good nights on the rebound charts. Tony finished second in total points with a little better than nine points per game.

Probably the most promising newcomer entering the 1993-94 basketball season was junior Henry Arzuaga. Henry had improved his hoop skills with hard work during the summer and fall seasons and it looked like Turners had themselves another offensive weapon. Henry struggled with getting a handle on "game confidence" however, and despite a few sparkling moments, Henry did not attain his personal goals. The good news is that with the same off season workouts, Henry could become an All League player next year.

Abe Klein was another rookie on the varsity squad who showed some promise and played very well at times at the point guard position. Abe also returns next year.

The senior class of Dan Garland, Jeremy Bucci, Josh Sargent, and Bryan Hebert found themselves in back-up roles. Dan, Jeremy, and Josh played guard positions while Bryan spotted for the forwards and centers. These guys did not get the game minutes that they had hoped for, but they all gave spirited efforts in practice and certainly deserve a pat on the back for sticking with it and earning their varsity letters.

Without question, the season was a disappointing one for the players and coaching staff. No team was able to demolish the Indians but most opponents came away with the victory. Turnovers plagued the inexperienced team as did troubles at the foul line. In fact, Tuners outscored several opponents from the floor, but were beaten at the free throw stripe. It is hoped that experience gained during the 1993-94 campaign will pay dividends in the upcoming basketball season.

Our hearts broke for you when life was unfair. We would have shielded you from pain and heartache if you had let us. we wanted to protect you, but you needed to grow into your own person, so we had to let you go, a little at a time. That was one of the hardest things we ever had to do. Your childhood is gone now and we will always miss those wonderful times but we are so proud of the adult you have become. Congratulations Eric!

Being the middle Child is never easy, but you have always shown your own individuality and personality, "Smiley." Have we ever told you you're our hero and you are the wind beneath our wings?

Love Always
Mom

We've walked together a while on the trip of your young life. We've laughed and we've cried. I've seen you suffer and I've seen you in triumph. So, go, gentle one, on your way of life. Return, to walk with me again.

Love,
Your Friend,
Dad

Farrah,

We have been best friends for 14 years, we've been through a lot together. I want you to know that in the years to come when I think back on high school that the first thing that will come into my head will be you and a smile. Good luck with your dreams

Love,

Katie

To Our Katie-Kate!

You always have a smile on your face and love in your heart....

You've been a joy to us all your life. We love you so much.

LESLEY:

You have a strong , beautiful spirit within you... a spirit that is capable of taking you as high as you want to go. We have seen your many strengths, your courage, wit and loving nature. We believe in you and know you have what it takes to follow your dream. Let that strong beautiful spirit which has deeply touched our lives, be your guide.

With love and pride,

Mom and Dad

That was then:

TO OUR LITTLE SISTER

We hugged you and held you...
We fought and we cried.
We bossed you--until you bossed back!
We've seen you grow and change and thrive.
And through it all, we've loved you always.
Now is the time to tell you how very proud we are to have you for a "little sister."

Love,
Michelle and Ryan

Incredible,
A little while ago, my "Hairdo" was taking over Grand Ave. in her walker. Then it was off to be with Peggy (the 1st) at the Girl's Club. How about the dance recitals and fashion shows in the dining room, they were perfect! I even survived the sleep-overs with the "GIRLS" and even the screaming Marilyn Monroe!! I think the boyfriends were the toughest times for me, but "I'm a dad, that's my job!" No, I think your first night with a license, and waiting for you to get back from Erving. THAT was the WORST!

All in all, Mel, I think you've done a damn good job raising me. Now you are ready to take on the world. Go get Em! Just remember, you'll always be my little girl, and I'll always be here for you.

Love Ya, Dad

Selma (Melanie)

We've been together through thick and thin
And now your real life must begin

You say we'll still talk every day,
For losing touch there is just no way

We've always done things with each other,
From crying about boyfrineds to picking on our brother.

But we must not forget the little two,
Who live across the river in our Mother's shoe.

We've had our share of joy and sadness,
I want you to know, you being my sister has only brought gladness.

Although sometimes it won't show,
I will always love you, you know.

No matter how for your path takes you each day,
I will always be just a phone call away.

Love
Patty (Jilly)

Special Friends

Special friends are forever,
And memories of them will leave our hearts never.

For they touched our world in such a way,
That made our spirit laugh and be gay.

They left so fast no one knows why,
Not even giving us time to just say good-bye.

To him, you were "skinny" and he just "Yo"
Remembering this should make your face glow.

Although you were to young to know why he could not stay,
You know now that you'll be together again someday.

Taryn Michelle, The last of the four.
What a suprise! Need we say more?
Nine years and Three sons; we thought we were done.
We sure hadn't planned on another one.

So sweet and tiny, with a whisp of a curl-
It wasn't another one - it was a girl!
A click of his heels! A jump of delight!
Dad couldn't restrain his feelings that night.

Right from the start your brothers were curious.
But you soon learned how to make Them furious.
Always right - never wrong
Spoiled rotten - tagging along

The boys in your life had to pass an inspection
Your brothers, it seemed, found cause for rejection
They felt responsible for screening each mister
Few were good enough for Their little sister.

A talent for writing, drawing, and painting -
For each little illness, a month of complaining.
A special smile, a mind of your own -
A pleasure to have around the home!

Great with the baking not so hot with the chores,
Full of excuses - "I have homework galore."
Fighting with mom you kept very rare,
She had the charge cards in her care.

Shopping for clothes - you always liked fashion,
Out for breakfast or lunch was always your passion.
School, friends, and activities, you loved immensely,
Thoughts of graduation you dreaded intensely.

We're proud of you and what you've done,
But in many ways you've just begun.
Your times with the Griffin Kids certainly shows -
Nurse practitioner, pediatrician - who knows?

Congratulations to you - you deserve the best
Trevor, Torrey, and Tommy agree with much zest!
Our Love goes with you, but also much more -
The knowledge that home is an open door.

With our Love and Admiration
Mom and Dad

Sara,
You have grown

to a spirited young woman
filled with courage,
commitment, and compassion.
You are and
